

Plain Language Summary of Financial Assistance Policy

About Getting Help with Your Bill

This is for anyone who gets services from USMD Hospital at Ft. Worth. The Financial Assistance Policy and the Plain Language Summary for obtaining assistance with your bill are available in English, and Spanish. Financial assistance does not apply to bills from doctors, outside labs or other providers.

How Do I Qualify for Help?

You can ask for help with your bill at any time during your hospital stay or billing process. We will determine how much you owe by reviewing income, assets, or other resources. If your yearly income is less than or equal to 200% of the current Federal Poverty Guideline, you may receive some financial assistance. Federal Poverty Guidelines can be found at:

<http://aspe.hhs.gov/poverty/index.cfm>.

You may qualify for assistance with all or part of your hospital bill. The help is based on a sliding scale that considers your yearly income and family size.

Paperwork

You are responsible for providing information timely about your health benefits, income, assets, and any other paperwork that will help to see if you qualify. Paperwork might be bank statements, income tax forms, check stubs, or other information.

Emergency and Medically-Necessary Care

If you qualify for help with your bill, you will not be charged more for emergency or medically-necessary care than amounts generally billed to people who have insurance coverage for the same kind of care. To determine amounts generally billed, we use a look-back method (we compare the amount paid by insured patients and their insurance companies in the past year.)

Collection Activities

You or the guarantor can apply for help with your bill at any time during the collection process by calling the hospital at 817.433.9100. We do not sue patients, take action against personal property, or garnish wages.
